December 28, 2020

Dear City of Kankakee resident,

As the year 2020 is almost at its end, we continue to be proactive in the midst of the COVID-19 pandemic. In May, you should have received the first letter from me while we were in the early months of the virus. We have continued to provide updates on our social media platforms and on the City of Kankakee's website at [www.citykankakee-il.gov](http://www.citykankakee-il.gov). We remain in close contact with our health professionals, state officials and federal legislators as more details continue to become available. The purpose of this letter is to share more resources with you.
